1. The preliminary determination by the LLCHD to approve the issuance of a Construction Permit for Sandhills Publishing Company to install and operate a new printing line, as well as an associated dryer and afterburner.
- B. Issuance of the proposed permit allows for construction and operation of the subject emission source within Federal, State and Local requirements.  2. Source Address: 120 W. Harvest Dr., Lincoln, NE 68521
 3. NAICS Code(s): 238910 (Site Preparation Contractors)
- C. As such, the source will remain a 'synthetic minor' source of emissions.

The quantities presented below do not represent the maximum allowable emissions under the permit, but rather, the maximum anticipated emissions associated with the new emission units.
